

4TH GRADE

INFO

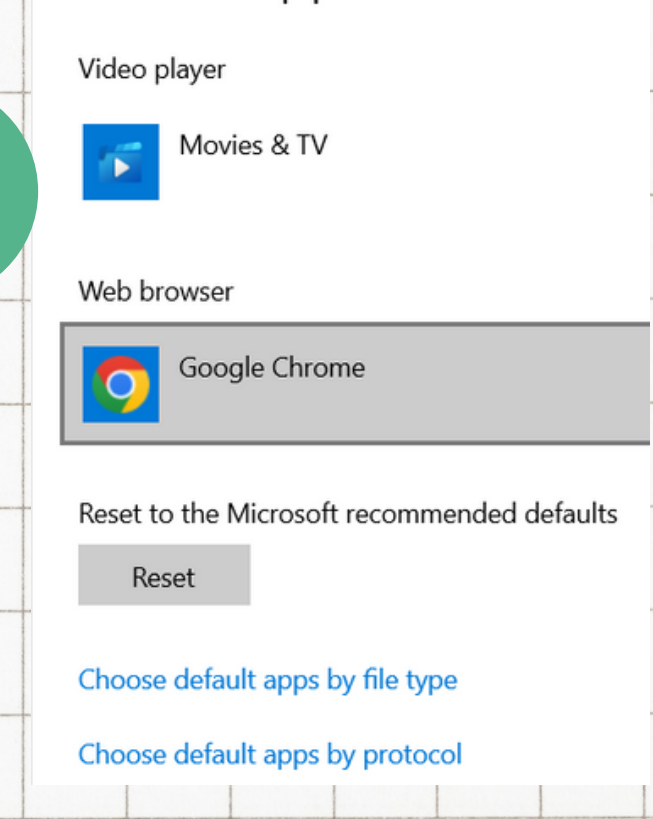

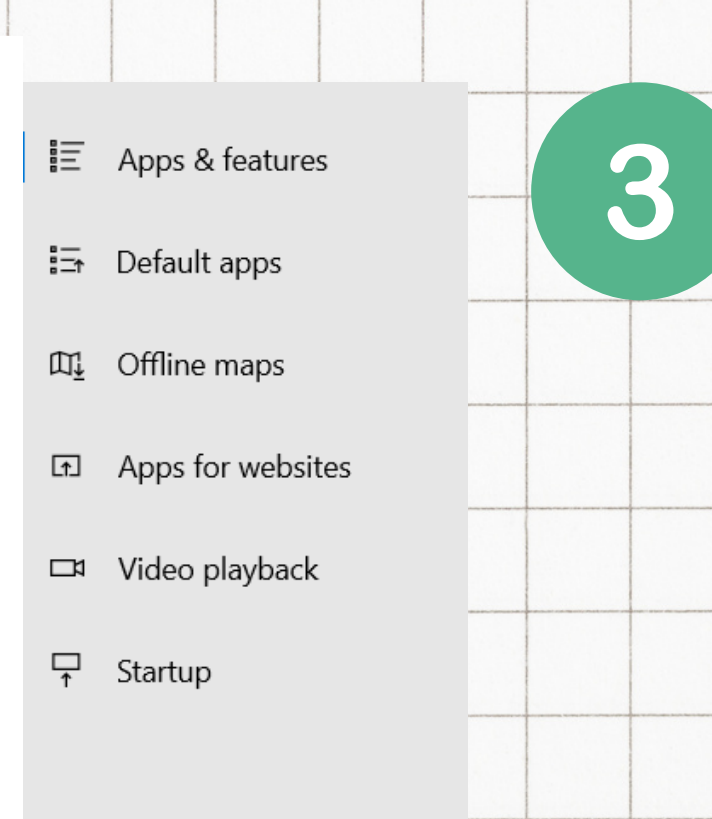

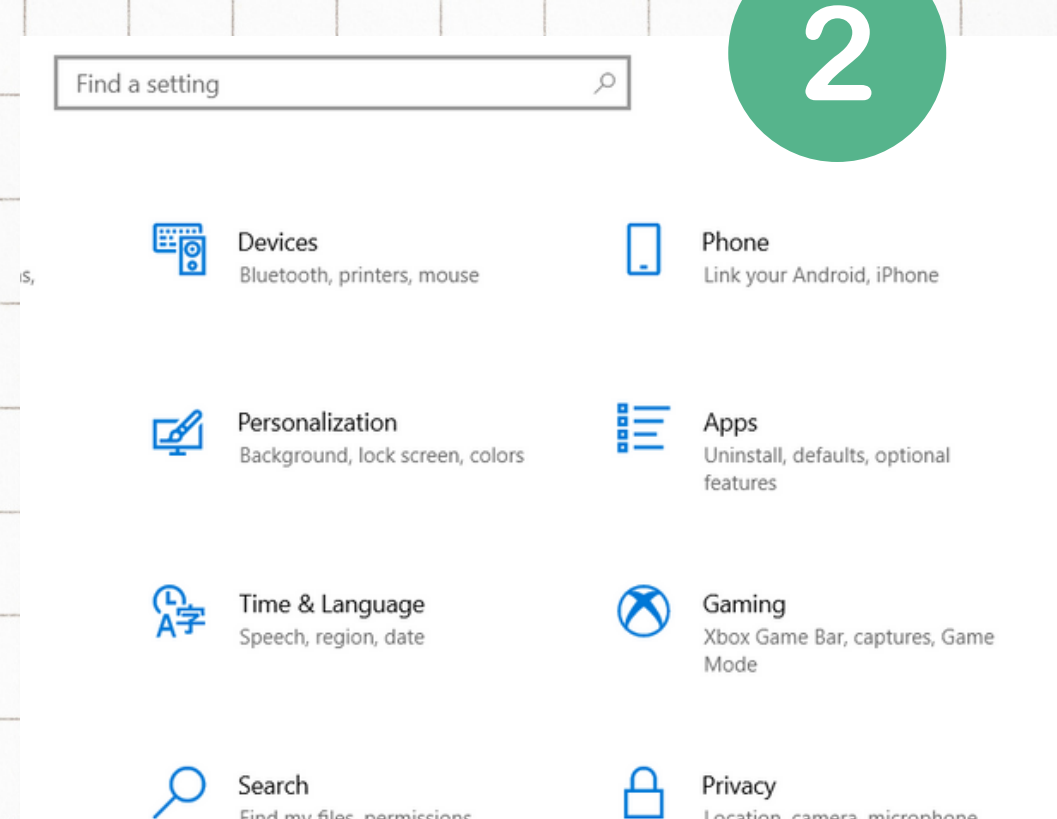

## WHAT IS A BROWSER AND WHICH ONE DO I USE FOR SCHOOL?

A browser is an application program that provides a way to look at and interact with all the information on the Internet.

In DAOF, please use Google Chrome. It is crucial that you use only Google Chrome as the other browser cause issues with our systems.

## HOW DO I MAKE GOOGLE CHROME THE BROWSER EVERYTHING OPENS TO?

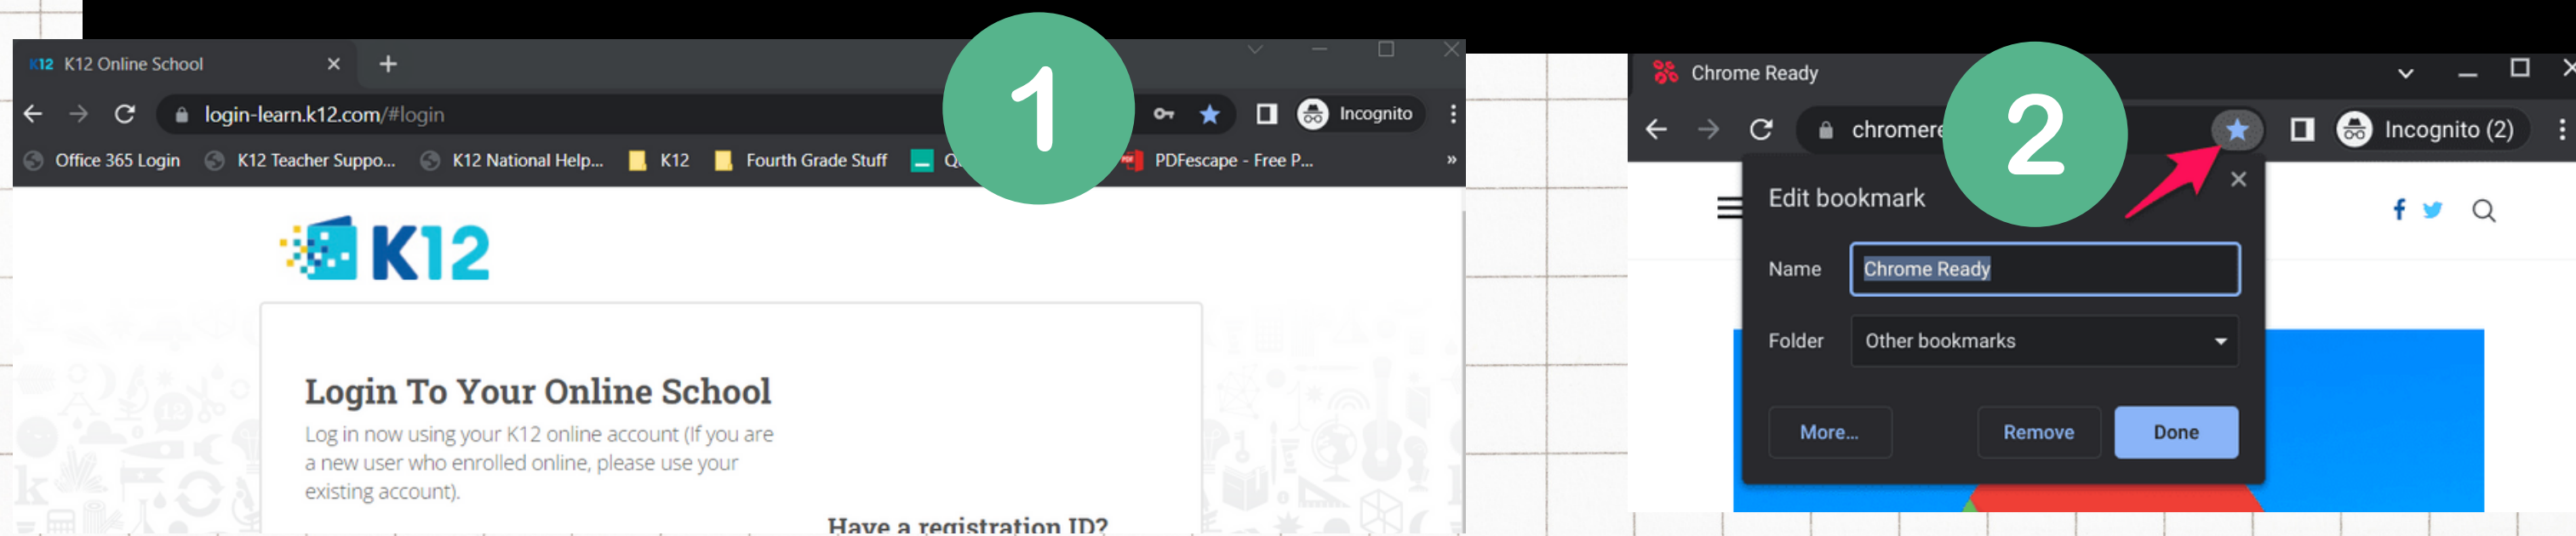

1. Go to start button in bottom left of your computer screen and then click on the wheel to open settings.
2. Then, click on "apps" on the right. Once you are in Apps, click on "default apps" the left hand side of the settings window.
3. Once in default apps, scroll down until you see "web browser". If your web browser is already Google Chrome you can leave it alone and you are done. If it is not click on the application shown under web browser and change it to google chrome.

# HOW DO I BOOKMARK PAGES ?

For DAOF, it is very important that you have certain pages bookmarked to your bookmark bar in Google Chrome. This gives you easy access to the important websites you may need. Here is how you do it.

1. Open a page you want to save in google chrome. In the top right corner of the address bar, there is a star. Click that star.
2. Save the page to your bookmark bar

## WHAT PAGES DO I BOOKMARK?

OLS- <https://login-learn.k12.com/#login>  
IXL- <https://www.ixl.com/signin/daof>  
4th Grade Website- <https://4thdaof.weebly.com/>
